Alumni Chapters

The EU alumni chapters are groups of alumni based in our most populous regions. Thanks to the international backgrounds of our students, we are proud to have chapters all over the world. Within these communities of alumni, we are celebrating different events, which enables our graduates to network and reconnect with other former students and meet their goals.

The chapters are led by chapter leaders, carefully selected alumni who act as EU ambassadors in their home countries. The chapter leaders are a bridge between EU Business School and our alumni, providing key insights into the wants and needs of their respective chapters and assisting with events to facilitate communication and successful collaborations.
